

Your Opinion matters

Express your opinion

I think... I believe that...
In my (point of) view,...
In my opinion / experience...
As far as I'm concerned,..
As I see it, ... If you ask me,...
I have the feeling that...
The thing is that...
It seems to me that...
Personally, I think...
What I mean is...
To be honest,...
It is true that...
Most people say that...
Some people say that...

I haven't got the slightest idea...
I haven't a clue...
I must admit I don't know...

Ask for an opinion

Do you really believe that?
What's your point?
What's your opinion exactly?
Do you agree with me or not?
What do you think of ... ?
How do you feel about ...?

Consider an opinion

I agree with you, but...
This idea is right, but...
I agree with this point of view, but...
I think it is possible, but...
I am not so sure about it.

Agree with an opinion

I share your view.
This is absolutely right.
I agree with you / with this idea / this view.
I couldn't agree more.
I have come to the same conclusion.
Well, that's a good point!
I feel the same as you about this.

Disagree with an opinion

However,...
I'm afraid I have to disagree.
I'm sorry to disagree with you, but...
I don't agree with you / with this idea.
I'm not so sure about that.
On the contrary...
All right, but don't you think that...
I do not believe that...
I don't share your view.
I think that's wrong.
I don't think so.
I can't believe it. You must be joking!
