IN THE FUTURE

Y'all, the Women's World Cup is happening. In just three months, we **will** be graced with amazing competition, beautiful goals and, yes, stunning kits.

In addition to kits for the United States and England, Nike also unveiled kits for Canada, France, Australia, South Korea, South Africa, Norway, New Zealand, The Netherlands, China, Nigeria, Chile and Brazil.

The kits were made using sustainable materials, with each one incorporating at least 12 recycled bottles, Nike said.

The Women's World Cup **will** be held in France from June 7 to July 7.
